## Rainbow Acres: Annotated Bibliography

### Website

Rainbow Acres. 2023, <https://rainbowacres.com/>. October 23, 2023.

The Rainbow Acres website talks about the history and mission of Rainbow Acres. The website also includes a blog that shares information about what is happening at Rainbow Acres, including a daily schedule. I learned some new information about Rainbow Acres that will help me to write a better paper. I was disappointed that it didn't include Ralph Shower's whole story, but it gave me information I didn't know before.

This article shares research about adults with special needs. They say that these adults are lonely and want to spend time with community events and religious services. However, they attend at lower rates. These adults have more friendships when they attend these events in their communities. This article ties into my project because Rainbow Acres provides a way for adults with special needs to be integrated into a community where they can make friends and attend events that they are interested in with their friends. They also have opportunities to attend religious services with their friends.
